PACC

PACC has been designed to air and tackle key challenges facing Aged and Community Care employers across Australia. ACSA has brought together subject matter and industry experts to delve into issues around Human Resource Management, Workforce and Industrial Relations – issues which impact on your businesses daily. We encourage Team Leaders, Line Managers and Supervisors, Service Managers, Care Managers, DONs, GMs, HR and IR practitioners to attend.

CEO FORUM

The CEO Forum is an opportunity for CEOs of aged care providers to learn from experts in the field, workshop challenges and network with peers. In particular, the CEO Forum will focus on ways CEO's can ensure their organisations' are leaders in the industry as well as how they themselves can be more innovative and effective in the leadership. This is an event aged and community care CEOs will not want to miss out on.
